American Express/MasterCard/Visa) for _____USD \$

Credit card number:

Expiration date:.....

Card Verification Code (CVC)*:.....

Cardholder's Name:.....

Cardholder's Signature:.....

In addition to the credit card number, a card verification code (CVC) is required. This is new, and has been introduced to provide more security for both the customer and the mail order company. We will not be able to process credit card transactions without a verification code.

For **Visa and Mastercard/Eurocard** you can find your CVC on the reverse side of your credit card, printed into the signature filed. It is a three-digit number. The full credit card number is reprinted in the signature box and at the end of the number is the verification code number:

For **American Express** the verification code number is a four-digit number on the front of the card above the credit card number on either the right or the left side of your American Express credit card.

***Cancellation Policy**-Cancellations in writing prior to September 1st 2010 will be subject to a USD 50 processing fee. Refunds will not be granted after September 1st 2010. Refunds will not be given for no-shows after the conference start date.*
